

## Clean Air Warrior Volunteer Task List

Do you want to help more people protect themselves from air pollution? Are you passionate about sharing information, and helping understand the REAL facts about air pollution?! Here are some ways you can volunteer your time and join Smart Air's Clean Air Movement

Clean Air Warrior Level	Task	Time Needed	How To Get Started	Requirements
Good (Amount of Contribution)	Follow Smart Air on WeChat, Weibo, Weitao	1 minute	WeChat: SmartAir2013 Weibo: smartairfilters	Social media account
	Read through our Zhihu posts and re-share any you think can help people better understand air pollution	1 minute	<a href="https://www.zhihu.com/people/thomas-talhelm">https://www.zhihu.com/people/thomas-talhelm</a>	Social media account
	If you've tried a purifier or mask, review us!	5 minutes	<a href="https://smartairfilters.com/shop_OR">https://smartairfilters.com/shop_OR</a> <a href="https://smartair.taobao.com">https://smartair.taobao.com</a>	Having actually used one of our purifiers or masks.
	Check out our data-rich Quora answers, and upvote answers you think would help people better understand air pollution	10 minutes	<a href="https://www.quora.com/profile/Thomas-Talhelm/answers?sort=views">https://www.quora.com/profile/Thomas-Talhelm/answers?sort=views</a>	A Quora account (we find Quora fun!)
	Put up a 'Clean Air' poster in your school/office/community	20 minutes	Talk to your school to see if this is OK, we'll send you the poster afterwards	Print at least one A3 poster
Moderate(ly) Committed to Fighting Air Pollution	Organize a video Clean Air Workshop in your school/company/organization	5 hours	Talk to your school to see if this is OK, we'll send you a video link if it's OK!	A TV or projector to play the workshop; enough go-getter spirit to organize the event and encourage people to attend.
Unhealthy for Sensitive Pollution Particles	Build your own DIY air purifier and hold a show and tell science project at school	10 hours	Read our blog post here on how to make your own DIY: <a href="https://smartairfilters.com/blog/how-to-make-diy-air-purifier/">https://smartairfilters.com/blog/how-to-make-diy-air-purifier/</a>	A fan and filter, or a small amount of money to purchase them. An enthusiasm for presenting to other people to show off your DIY design!
